

UBN Report Station IB1CN,

Dear Contester:

Thank you for entering the ARI International DX Contest 2018 and for sending in your LOG. Due to constant progress in refining our log checking methods, we are now able to provide you with a complete log checking report for your entry.

Please be aware that we are trying to be as fair as possible. We did remove QS0s only when we had proof or a strong indication of an error. If any doubt remained, we did not act, leaving the QS0 in question intact. Please note that we do not apply penalties, so you only lose the QS0 which we think is in error. This general policy has been applied to all logs in the same way.

For this contest, we used a database containing 180,047 QS0s created by 1124 different entrants. All logs were converted from an electronic Cabrillo log. A total of 183,059 contacts is estimated to have happened on the air in this contest.

133,616 of all contacts could be cross-checked directly log to log. 43,333 of the contacts could be verified indirectly by tracking, within the database, those active callsigns that did not submit a log.

The remaining 3,098 callsigns represent 'uniques', and are left in the database. These callsigns are counted towards your score, however.

Thus, one can say that 98.28% of all contacts could be verified, leaving only a very small amount of doubtful QS0s.

After these general words, let's have a look to your personal results. What we do with your log is the following:

- (a) We run your log through the evaluation software "as is". This creates the raw result.
- (b) Using different methods, we find erroneous QS0s in your log (we always find something).
- (c) Now all erroneous QS0s are removed. What's left is again run through the evaluation process. This creates the final result.

This report is divided into several sections.

1. Your **raw score** as calculated after log conversion and removing duplicate contacts before log checking took place:

ARI International DX CONTEST 2018			
Band	QS0s	Pts	Mul
160m	0	0	0
80m	19	19	13
40m	63	67	23
20m	68	84	25
15m	0	0	0
10m	0	0	0

Total 150 170 61 ==> 10370

2. Errors, removed from your log

2a) Wrong callsign or wrong Prov / serial number in QS0.
The number on the left side of the != sign is what you had in your log, the number on the right is what's in the other station's log.

UTC	Band/Mode	QS0	Callsign	Call/Exchange
1203z:	20 R #	0	UR2Y	0002 2!=0
1207z:	20 R #	0	UR5ZDB	0004 UR5ZDZ
1252z:	20 R #	0	LA9GSA	0019 19!=15
1531z:	20 R #	0	R7MU	0006 6!=3
1638z:	40 R #	0	R3PPV	0114 R3PV
1712z:	40 R #	0	UR2Y	0109 109!=0
1714z:	40 R #	0	SV2BXA	0720 720!=80
2030z:	80 R #	0	RA1ALC	1164 1164!=110
Lost: 8				
1202z:	20 R #	0	R7RIB	0001 not in log
Lost: 1				
-NONE-				
-NONE-				

3h) Duplicate contacts or contacts you asked us to remove:

UTC	Band/mode	QS0	Callsign	Reason
-NONE-				

4. Your final score after log checking has been applied:

ARI International DX CONTEST 2018				
Band	QS0s	Pts	Mul	
160m	0	0	0	
80m	18	18	12	
40m	60	64	22	
20m	63	79	24	
15m	0	0	0	
10m	0	0	0	

Total 141 161 58 ==> 9338

The total score reduction is: -1032 points or -9.95%

Lost Mults:
20m LA
40m SV
80m UA

5. For your information:

5a) List of Unique calls, left unchanged in your log:

UTC	Band/mode	QS0	Callsign
-----	-----------	-----	----------

```

-----
1202z: 20 R # 0 US7KC          0001
1206z: 20 R # 0 HA2NP          0001
1610z: 40 R # 0 SM5XXQ         0045
1625z: 40 R # 0 M8JP           0124
2045z: 80 R # 0 UR5DK          0002

```

5b) List of QSOs where your callsign was copied wrong by the other station (QSO removed in his log):

```

UTC   Band/Mode QSO Callsign          Copied you as...
-----
2042z: 80 R # 0 SV3EXU          0179 IT1CN

```

We hope you appreciate this report.

If you have any comments or suggestions, please write to:

"hfcontest.ari@gmail.com"

Please excuse us if, due to the international nature of the ARI International DX Contest, this report is only available in English.

We hope to see you again in the next ARI International DX Contest.

A.R.I. HF Contest Committee
